

BATTERY CHARGING

Battery Chargers and Hydrometers.

Code No.

Code No.

12v automatic trickle charger, with LED charging indicator & incorrect / reverse polarity & thermal / current overload protection. Output 500mA continuous, 800mA maximum
MP7401

4 amp battery charger with fused output and ammeter. For 12 - 48Ah 12 volt batteries
MP7414

6 amp battery charger with fused output and ammeter. For 20 - 80Ah 12 volt batteries
MP7416

8 amp dual voltage battery charger with fused output, ammeter and trickle charge For 9 - 112Ah 6 / 12 volt batteries
MP7418

12 amp dual voltage battery charger with fused output, ammeter, boost function, reverse polarity & overload protection and robust metal case. For 30 - 180Ah 12 / 24 volt lead acid batteries
MP716

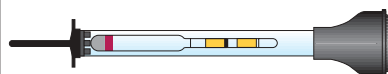

20 amp dual voltage battery charger with fused output, ammeter, boost function, reverse polarity & overload protection and robust metal case. For 100 - 250Ah 12 / 24 volt lead acid batteries
MP730

Suitable for lead acid, maintenance free and gel batteries.

12V fully automatic 20 / 160Ah intelligent battery charger with 15A effective charging current and reverse polarity protection.
MP720

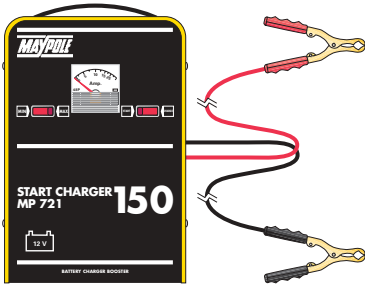

Battery testing hydrometer
MP700
Anti-freeze testing hydrometer
MP701

Booster Cables.

Code No.

2m/5mm²
100 amp booster cables
flexible copper cored,
complete with clips.
Packed in display bag

MP350

2m/7.5mm² 100amp
copper coated aluminium
booster cables,
complete with clips.
Gives equivalent
performance to MP350.
Packed in display bag.

MP3505

3m/10mm²
250amp booster cables
flexible copper cored,
complete with fully
insulated metal clips
Packed in display bag

MP351

3m/15mm² 250amp
copper coated
aluminium booster cables,
complete with clips.
Gives equivalent
performance to MP351.
Packed in display bag.

MP3515

2.5m/10mm²
150amp safety booster
cables, with flexible
copper cored cables and
fully insulated clips.
Packed in display box

MP34710

2.5m/15mm² 150amp
copper coated aluminium
safety booster cables and
fully insulated clips.
Gives equivalent
performance to
MP34710. Packed in
display box.

MP34810

3m/16mm²
TUV approved
200amp safety booster
cables, with flexible
copper cored cables and
fully insulated clips.
Packed in display box

MP34716

3m/24mm² 200amp
copper coated
aluminium safety
booster cables and fully
insulated clips.
Gives equivalent
performance to
MP34716. Packed in
display box.

MP34816

3.5m/25mm²
TUV approved
350amp safety
booster cables, with
flexible copper cored
cables and fully
insulated clips.
Packed in display box

MP34725

**Heavy duty booster
cables display packed in
nylon zip storage bag
with heavy duty fully
insulated metal clips**

3m x 16mm² 400amp
flexible red and black
cables

MP352

3m x 24mm² 400amp
red & black copper
coated aluminium
cables. Gives
equivalent
performance to
MP352

MP3525

2.5m/10mm²
250amp safety booster
cables, with flexible
copper cored cables and
fully insulated clips.
Packed in handy
storage box

MP349

4m x 20mm² 500amp
orange welding cable

MP353

4.5m x 35mm²
700amp
flexible red and
black cables

MP355

Heavy duty, fully
insulated booster
cable clips.
One pair of red and
black clips
Display packed
